A Tribute to Lenoir-Rhyne

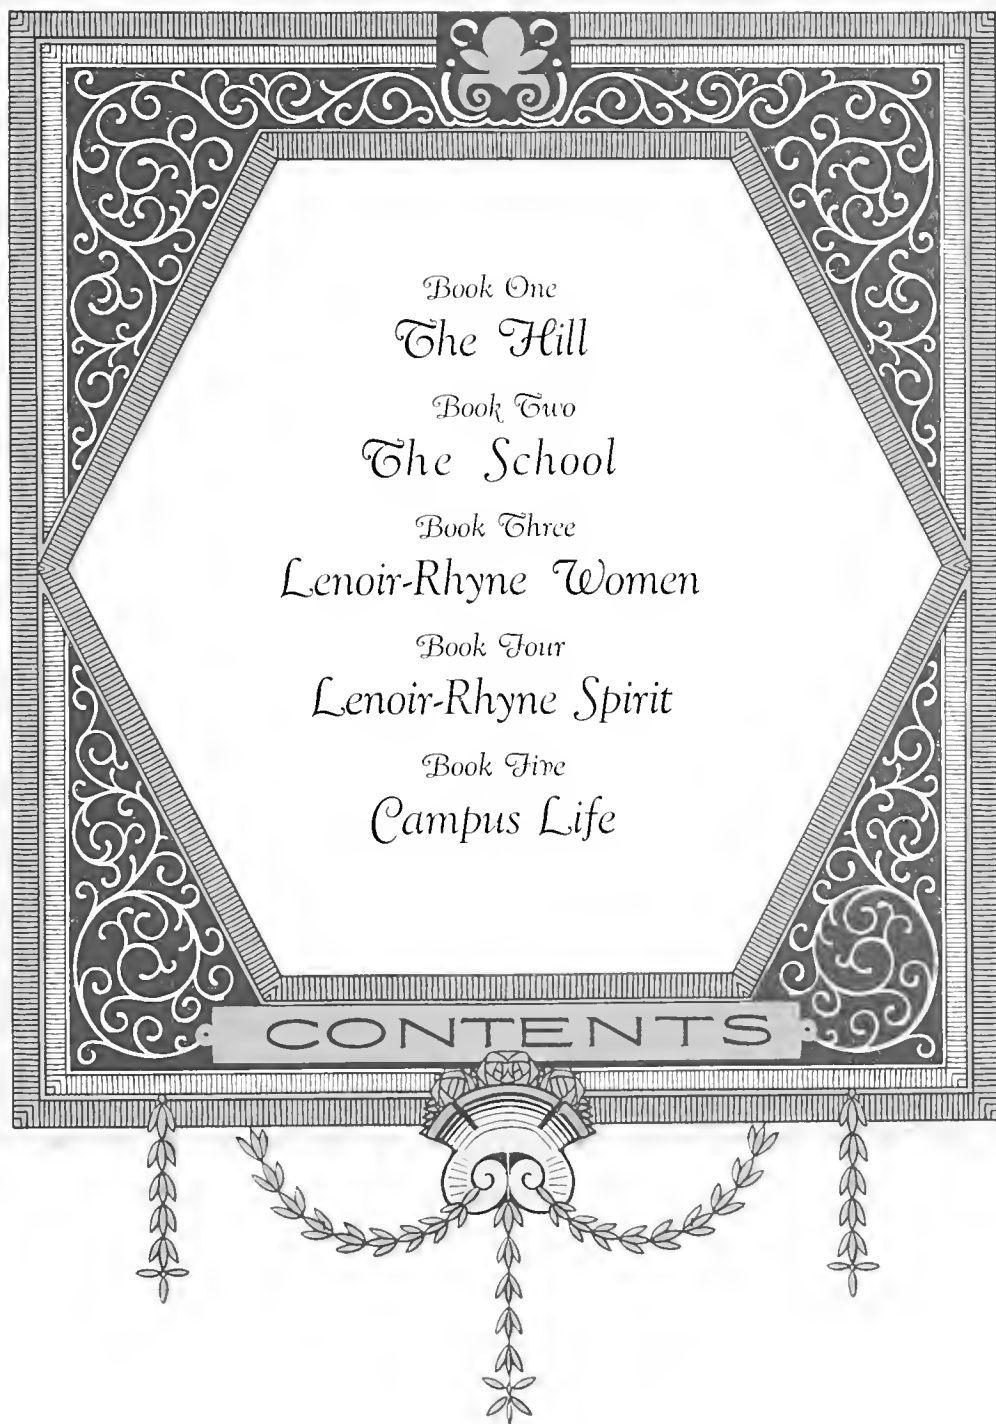

*To those of us who have given the
rousing cheers at football games,
who have heard the close harmony of
the boys' voices as they pause on the
campus beneath a spring moon, who
have felt the chill of winter winds,
seen the sprouting grass and budding
shrubbery, the couples strolling among
the trees, gay laughter of college girls,
to those living in this small space
where every detail makes the world
go round, to us who have lived it, life
at Lenoir-Rhyne will forever be
the priceless pearl of our
memory.*

ROBERT ANDERSON YODER, D.D.
First President of Lenoir-Rhyne College.

From 1891 till 1901 he labored that Lenoir-Rhyne might never take "a backward step; but all forward toward the realization of the high purpose and aim of its founders, namely: a school which should afford the best mental culture possible, in all departments of human knowledge upon Christian principles . . ."

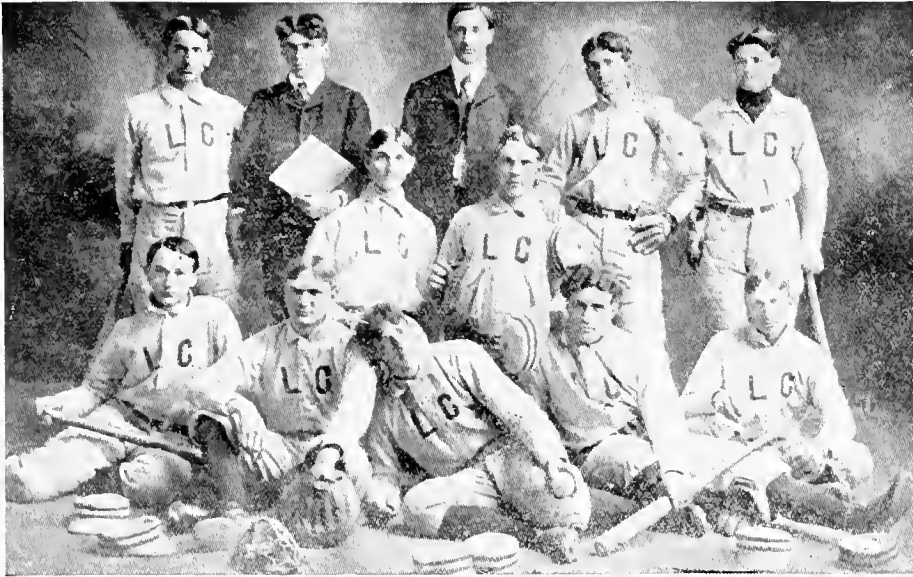

FOOTBALL TEAM OF 1909

Thirty-Five Years of Progress

It was recorded in the Lutheran Tennessee synod minutes of 1893: Lenoir College, Hickory, N. C., is also for the coeducation of the sexes. It is in a very prosperous condition. The attendance is large and increasing. It deserves the care and patronage of our people.

When we remember that on May 5, 1891, a wagon load of students and faculty members of Concordia College, at Conover, had journeyed up to Hickory to clean up the "bad for snakes" thicket of brush on the present college campus, Lenoir-Rhyne was indeed making rapid progress.

At a stormy special session in 1890, synod turned down Capt. Walter Lenoir's offer of the campus and thirty-eight one-acre lots. Concordia, established as a high school in 1877, and as a college in 1881, was retained as the official school. In 1891, Dr. R. A. Yoder, president of Concordia, resigned his position and gave his personal note with J. C. Moser, W. P. Cline, and A. L. Crouse for \$10,000 to take the Lenoir proposition. Col. J. G. Hall was Capt. Lenoir's representative in these dealings.

BASEBALL TEAM OF 1903

The old Highland Academy building already on the campus opened September 1, 1891, as Highland College, under the direction of these four. On January 4, 1892, the institution was incorporated as Lenoir College in honor of Capt. W. W. Lenoir.

The main building was erected, synod took the college under its care, and assumed responsibility for the current expenses, between the years 1891 and 1901.

Dr. R. L. Fritz, present professor of Mathematics, took charge in 1901 and remained president until 1919. In 1902, Oakview hall was erected; in 1909, the left wing was added. In 1907, Highland dormitory was built; in 1907-08, St. Andrew's College church was completed; in 1912-13, Yoder science building was erected and equipped.

In 1910, Lenoir-Rhyne students did graduate work at U. N. C. without examination. In 1915, the standard was raised to A-grade rating and the college was approved by the state board of education. For six years during Dr. Fritz's eighteen-year administration, synod made no appropriation, the college being practically self-supporting. The faculty was greatly underpaid and overworked during this time.

In 1915-16, Dr. Fritz and Mrs. R. A. Yoder raised \$50,000 endowment. In the fall of 1919, a sum of \$310,000 was reached in a two month's campaign.

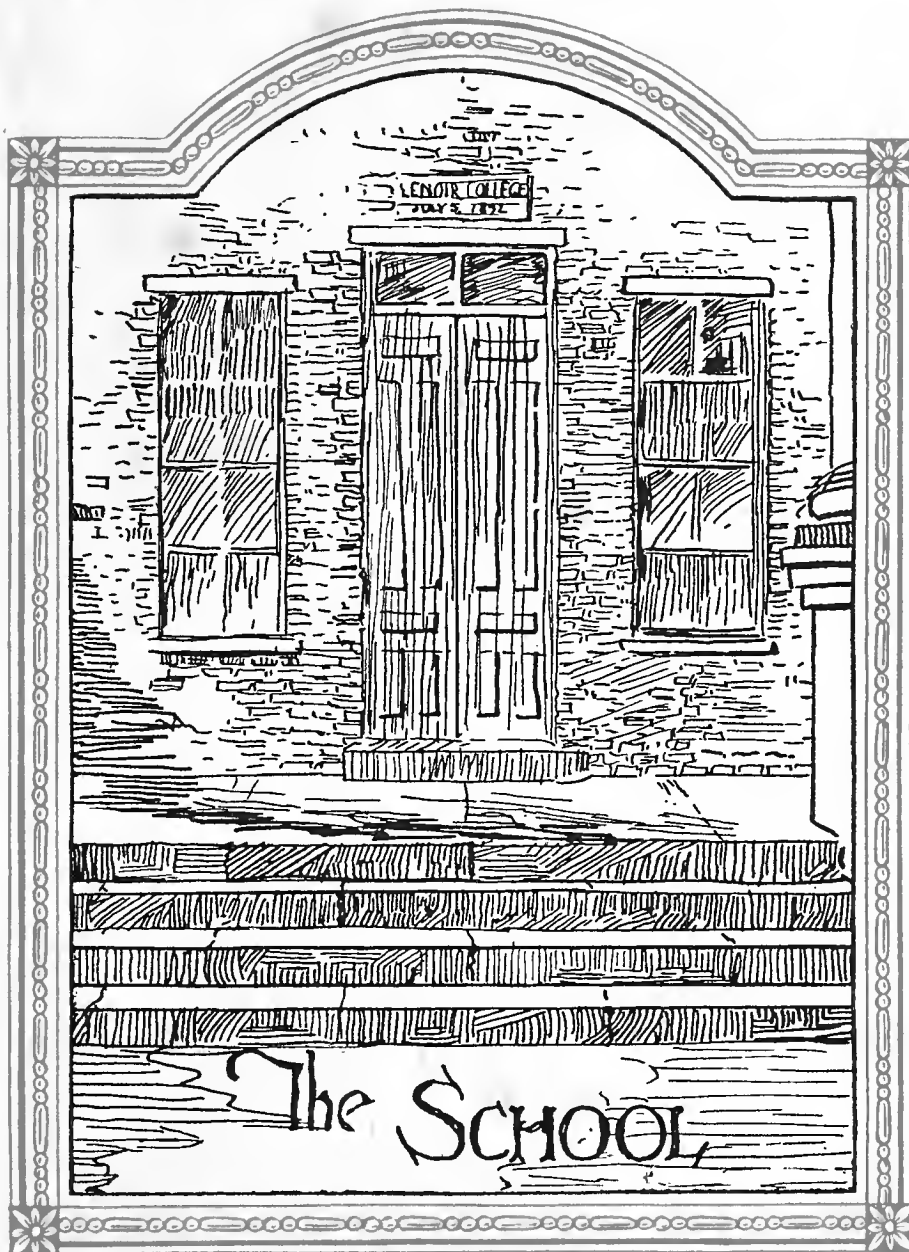

OAKVIEW ORCHESTRA OF 1906

Dr. Fritz resigned and was succeeded in January, 1920, by J. C. Peery, D. D., who was then professor of Bible in the institution. Dr. Fritz was recalled as professor of Mathematics.

The progress under Dr. Peery's administration was notable. The number of students in regular collegiate departments increased from 75 to 300. Preparatory work was disbanded and the number of volumes in the library was materially increased. In 1923, Mr. D. E. Rhyne gave \$300,000 to the college endowment fund and \$350,000 additional was secured in pledges in an appeal drive during the spring months. The name of the college was changed to Lenoir-Rhyne in 1923 in honor of our benefactor, Mr. D. E. Rhyne. Cline Memorial gymnasium was completed in 1924, twenty acres adjoining the present campus were purchased, Hickory athletic field was constructed on the newly acquired tract, and a full time athletic coach employed.

In 1925, Dr. Peery resigned the presidency in order to re-enter the ministry. P. E. Monroe, D. D., former president of Summerland College and pastor of Holy Trinity Lutheran church, took active charge at the request of the Board of Trustees and Lenoir-Rhyne entered her thirty-fifth year of progress.

Mathematics

Philalethian, Secretary, '25; President, '26; Oakview Commission, '23, '26; Secretary, '26; Student Cabinet, '24; Luther League; Cosmopolitan Club; Spinster Club; Crusaders; Honor Roll, '25.

Pretty, charming, unselfish, dignified and kind, that's Margaret. All the students admire and love her. She is talented in music and takes a prominent part in all activities. In the student body we have found her a loyal supporter of all its undertakings. During her four years at L. R. C. she has proved that few things will not yield to diligence and study.

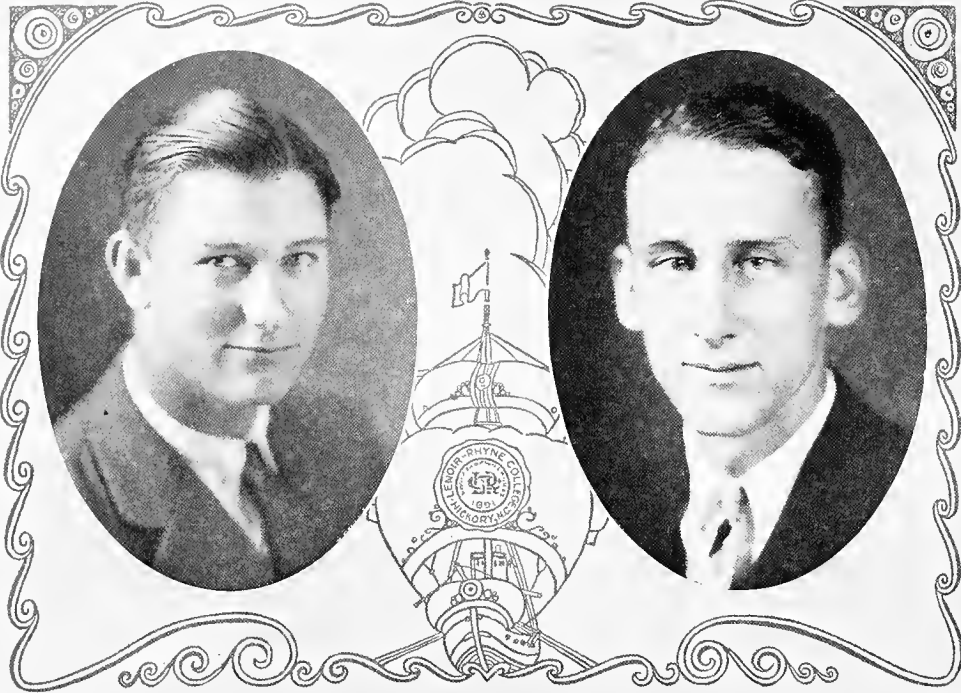

JESSE SOLOMON ANICK, A.B.

of
LITTLE MOUNTAIN, S. C.

History and Economics

Euronian, Treasurer, '24; President, '26; Varsity Football, '23, '24, '25, '26; Manager, '25; Letter Men's Club, '25, '26; Student Cabinet, '24, '25; Vice-President Student Body, '25; Palmetto Club, President, '26; Advertising Manager Hacaawa, '26.

"Jess" had already spent two years in the prep department of the college when the majority of the seniors arrived in '22. "Jess" always greets you with a smile. He is a good student and ranks high in the estimation of his classmates. This big fellow has won much fame for himself as tackle on the football team. He is slow and easy going but will make a splendid school teacher, which is the profession he contemplates.

HUGH PERRY BARRINGER, A.B.

of
HICKORY, N. C.

Social Sciences

Euronian; College Band, '23, '24, '25, '26; President, '26.

Ladies and gentlemen, meet Mr. Barringer. Yes, he is none other than the same Hugh whom we have seen many times tooting the big bass horn in the College band. Hugh is another one of those lads who acquired his admission credits in the extinct prep department. Since that time he has always been a loyal member of the class of '26. A hard worker and a booster, he has made himself a friend to all of us. Hugh is seriously considering the Gospel Ministry, but he will succeed in any field whether it be theology or industry.

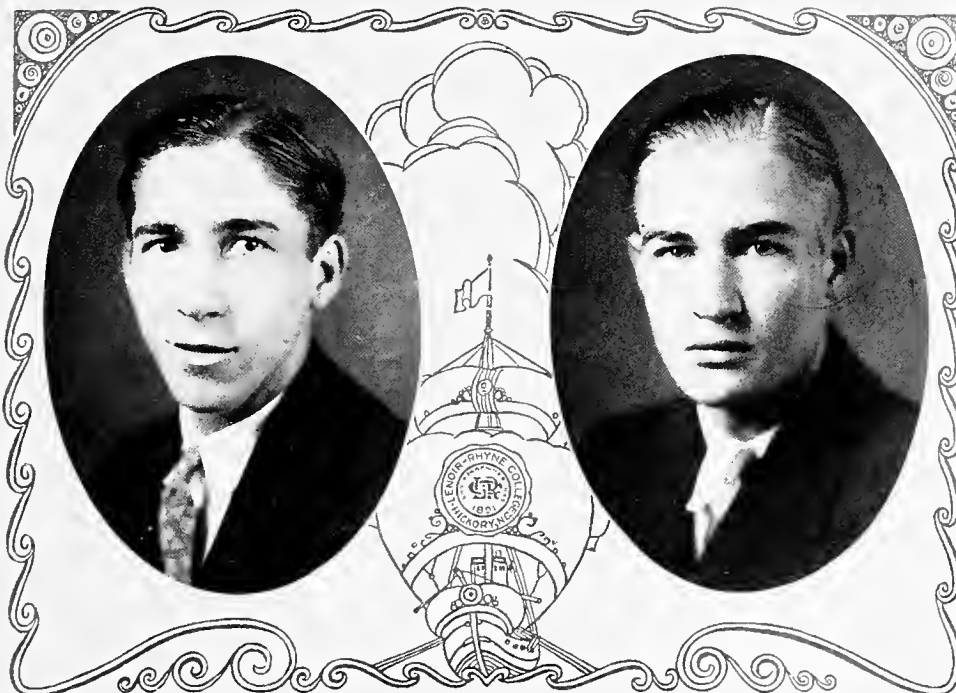

CHARLES COOK BOGER, A.B.

of
NEWTON, N. C.

Social Sciences

Chrestonian; President Freshman-Sophomore Debate, '24; Football Squad, '24, '26; President "Filthy Five" Club, '23; Vice-President Class, '23; Class President, '24; Diakonian; Glee Club, '23, '24, '25; Junior Play, '25; College Play, '25; Assistant Business Manager Hecawa, '26; President Catawba County Club, '25; President Dad's-A-Minister Club, '26.

Coming to us from our ancient rival, Catawba College, Charlie entered our class in the Freshman year. He has a pleasing disposition and is always ready to serve the best interests of the college at every opportunity. His sunny disposition has won him many friends at L. R. C. Charlie has taken a very active part in society and religious work about the institution and he has chosen the Gospel Ministry as his life's work.

LUTHER GERBERDING BOLIEK, A.B.

of
SHENANDOAH, VA.

History and Economics

Euronian; President of Class, '23; Dramatic Club, '23; Glee Club, '24, '25, '26; Manager, '25; President, '26; Cheer Leader, '24, '25; Lenoir-Rhyne Staff, '26; Letter Men's Club, '26; President Old Dominion Club, '26.

Luther G. entered our ranks as a Freshman from the Old Dominion state. And we elected him president of our Freshman class. Boliek acquitted himself creditably in this office and has since been a loyal member of the Glee Club and a hard worker in student and literary society circles. If he enters life's work with the same determination that he has manifested during his college career, nothing will hinder him from repeating his past record in the world at large.

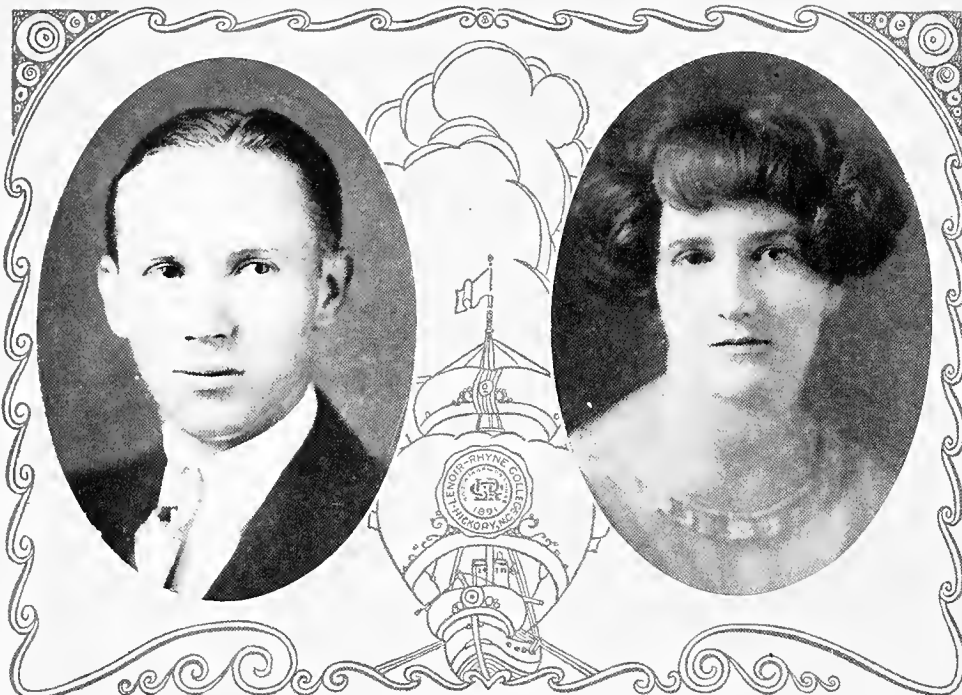

ARLEDGE MANSON BOYD, A.B.

of
HICKORY, N. C.

Chemistry

Maryville College, '23; Honor Roll, '24, '25; Chemistry Laboratory Assistant, '26

The frown which is almost constantly on his face is a familiar sight on the campus. But outward appearances are sometimes deceiving, at least in this case, for the frown is often dispelled by a smile which bespeaks a friendly and very likeable nature. Arledge's sarcasm is one of his outstanding qualities. It is the kind of sarcasm that is witty and humorous and always brings forth a smile. Aside from this, he is a good student, being a chemistry shark and a very efficient assistant in the chemistry laboratory.

GILMER RAY BROWN, A.B.

of
ROCKWELL, N. C.

Mathematics

Euronian, President, '25; Anniversary Debater, '25; Varsity Baseball, '25; Letter Men's Club, '25; Highland Hall Commission, '26; Honor Roll, '23, '24, '25; Associate Editor Hacaawa, '26; Rowan County Club; Luther League; Glee Club, '26; Assistant in Mathematics, '24, '26.

"Red" has a big capacity for both work and play and has never failed to apply his ability in both in a creditable manner. He has an unusual reasoning power and is talented with originality. He teases and enjoys being teased. "Red" is a hard worker and has helped much in keeping the Euronian society at its heights. He is also noted for doing the "sun dance" on the baseball diamond. Whatever "Red" undertakes, that never-say-die spirit will bring him success.

of
CROUSE, N. C.

History and Economics

Philalethian Literary Society, '23, '24, '25, '26; Gaston County Club, '23, '24, '25, '26.

Beulah came to Lenoir-Rhyne from the great county of Gaston and from Crouse high school. Always sincere in her work and striving to make our class better, she has shown her abilities to all with whom she has come into contact. Beulah has been a demure little girl, but it was always in her heart to he'p others and be a friend to all. She is ready for a good time when the proper occasion comes up, so indeed we have a splendid classmate in Beulah.

EDWARD CARTER, A.B.

of
HICKORY, N. C.

Education

"Ed" Carter. Hickory's pride and like the famous brand of bread deserves his fame. The class of '26 looked over its recruits last fall and found this young man back on the campus after a siege of school teaching at Dublin, N. C., and a fling at two sessions of summer school. Greensboro and girls are Ed's hobbies, although gossip says he will make a "shell" collector in the future.

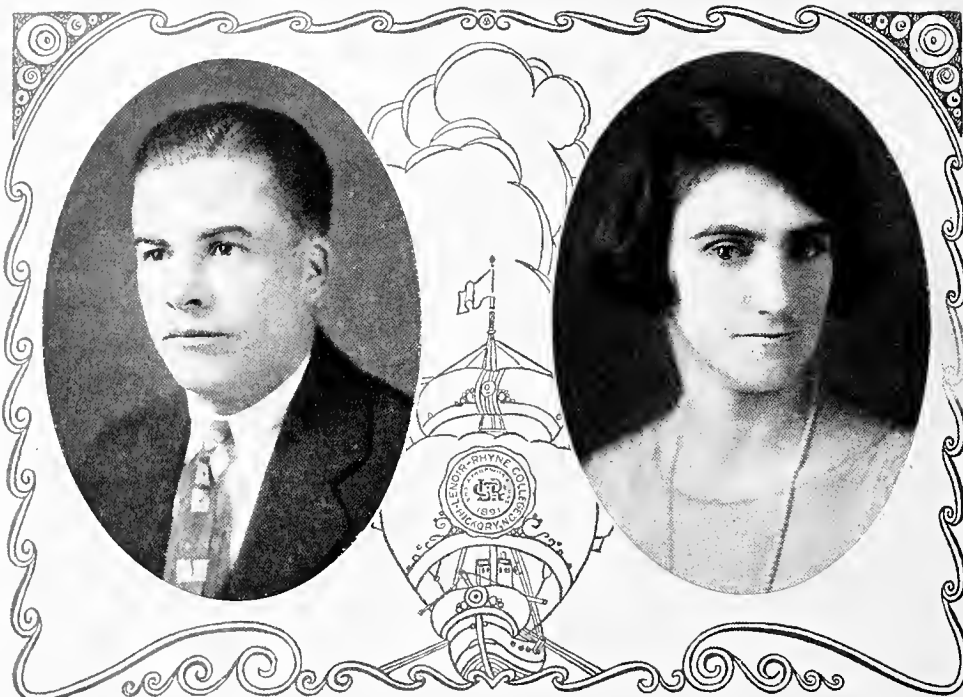

FRANKLIN PIERCE CAUBLE, A.B.

of
HIGH POINT, N. C.

English

Chrestonian, President, '26; Anniversary Debater and Medal, '25; Freshman-Sophomore Debater, '23, '24; Guilford Intercollegiate, '25; Managing Editor, Lenoir-Rhynean, '24; Student Cabinet, '25; Class President, '25; Junior Play; President Cosmopolitan Club, '25; President, Luther League, '26; Editor-in-Chief Haeawa, '26.

The "Furniture City" gave us this representative of the tribe of Cauble. He came to us as a very green Freshman in the strenuous days of '22 and has since that time been a hard working fellow in the literary and religious circles of the college. No one has been able to find out how he got his inappropriate nickname "Cutie," since he had it on entering college, but we can safely say he has profited much through his four years' stay at Lenoir-Rhyne.

Three things can be said about "Bob." He is a good student, a splendid athlete and a fine specimen of manhood. Bobby played third base on the famous '24 baseball team, which was probably the best team L. R. C. ever had. Small in stature, he is by no means small intellectually. His store of original ideas has contributed much to the success of the present Senior Class and to the college. Luck to you, Bobby, in whatever you undertake.

PRINCIE ESTHER CLINE, A.B.

of
HICKORY, N. C.

Mathematics

Eumenean, Vice-President, '25; Honor Roll, '24, '25; Catawba County Club; Baby Club.

Princie is one of the steady workers in our class. She is a very modest and studious young woman. Although she does not carry her intellectual ability around in a show case, it can easily be discovered in the classroom. She loves her work and never neglects it. She is a loyal member of the Eumenean society, always ready to do her part for a greater and better society. We wish her well in whatever she may undertake in life.

Jamie is good natured and always willing to serve. He is naturally unassuming but his congenial disposition has won for him many close friends. As a student he has made a record of which he may be proud. For four years he has been an industrious society worker. One of the many honors that has come to him is the managership of this season's basketball team. With it all Jamie is quite a ladies' man, blossoming into full flower during his Senior year.

True blue, to her friends, classmates and college, "Lib's" wise counsel has frequently helped us out in a class meeting by suggesting the thing everybody wanted to do but that no one else could think of. We all go to her for advice. In a play, "Lib" can capably handle almost any part. She has a gracious manner not only on the stage but off, and that is just one of the many reasons why we all love her.

NELL DELANE, A.B.

of
HICKORY, N. C.

English

It was our misfortune to have had Nell in our class only two years. But it did not take us long to find out Nell did not have such words as grumbler, shirker, or grouch in her vocabulary. Full of enthusiasm for anything the class wants to do and ready for fun she has proved a royal sport. Wisdom? It would not do to tell how many dumb ones have copied her notebooks.

SUSIE WOOD DELANE, A.B.

of
HICKORY, N. C.

History

Our class is not composed of DeLanes but we do claim two. Susie has a big spot in our heart that none other could fill. She has furnished much of the fun in the class for the two years she has been with us. It is not until a professor asks her a question that you are aware of her studious ways. Susie is contemplating choosing the teaching profession as her life vocation and with her many fine qualities she will not choose amiss.

Mary Virginia attended Mont Amoena Seminary and Marion College before entering Lenoir-Rhyne. She took all that these two institutions had to offer and came to us for more knowledge in her Junior year. Never have we had a more loyal member of our class than Mary Virginia. She is one girl who believes that to have an education one must work for it and she puts her belief into practice. She is a combination of quietness, modesty and cheerfulness all in one. A girl more conscientious would be hard to find, and this, coupled with her ability to work, will make happiness and honor always stand at her door.

"Lib" entered our class in the Sophomore year, after spending her Freshman year at Mont Amoena Seminary. She is jolly, friendly, sincere and attractive, always ready to help some one. Wherever "Lib" is, there is always sunshine in the group. Despite her continuous love affairs "Lib" is still a conscientious student and ever willing to help put across anything the class attempts. To "Lib" go our best wishes.

Nancy's ready smile and winsome disposition have won her many friends at Lenoir-Rhyne. Coming from Hickory High in '23, Nancy is graduating with us this year through attending summer school in past sessions at U. N. C. We are proud to have her, for as a loyal student and classmate she is hard to beat. Her influence on the campus has exerted itself in wide circles. One must know Nancy well to realize that her chief delight is to revel among the works of some great poet where she feels perfectly at home.

"Joby" is one of the few members of the class who received a large part of his high school education in the old prep department and in the fall of '22 he joined us as a regular college Freshman. Without this friendly, good natured fellow the class of '26 would be incomplete. In him we find an all-round athlete who was a star in the three sports. "Joby" assisted in coaching the teams this year, and his heart was in their success. Our class cannot boast of a finer member and we will watch his career as a coach with interest.

Heglar came to us a product of M. P. C. I. While at Lenoir-Rhyne he has been a man of sterling character and a firm believer in his convictions. In the student government, religious activities, literary society work and in his class exercises he has worked untiringly. The mission at Good Hope has prospered this year under his care and we wish him prosperous results in his life as a minister of the Gospel.

We were glad indeed when we entered school in the fall of 1925, to find "Ken" enrolled in our class. He has proved to be a loyal member in every respect and the class realizes how unfortunate it has been to not have had him the past three years. As to "Ken's" love affairs, Dan Cupid has already decided his fate. With all the courage which he possesses he is sure to win many souls in the service of the Master.

The class of '26 has always been proud to claim "Ted," who has been with us during the entire four years. He is a good athlete, a friend to everyone and a real student. He is a warm hearted, good natured fellow who is always willing to serve. His excellent playing on the football team made possible many of our victories this year. Ted believes in cultivating a cheerful smile and has a winning way with the college co-eds. Many can testify to the happy days spent with him. Our best wishes will accompany him throughout life.

"Gussie Beck," the little girl with the big name, has ambitions and determinations to make up for her lack of stature and avoirdupois. What her ambitions are, probably only a few know, but we are sure her steadfastness and sincerity will guide her on to her goal. Gussie is quiet and dignified, and a true friend to everyone who knows her. She has kept at her task steadily all four years and she has by no means made a failure. We feel sure great things are in store for her in the future.

Pratt was popular in college from the start, due to his good nature and winning ways. He is one of the two men in our class making letters in three sports, being the captain of the basketball team this year. Besides his athletic prowess, he is a good student. Congenial and always willing to put others before himself. In his Sophomore and Junior years he had some northern interests but has at last centered them all in Lawodale.

Pauline is a talented, unassuming blond who radiates sunshine wherever she goes. Her ability to make friends is as remarkable as her ability to hold them. In dramatics Pauline has brought herself sparkling success with the gracious ease of her stage manner. She also possesses a wonderful talent for short story writing. Needless to say, the key to her heart is being sought by many ardent lovers who, it is whispered, are having considerable success. We all wish her happiness.

"K. Loy" is brilliant, religious, sociable, humorous, and in fact an ideal college student. Probably no other student in our class is more interested in the various college activities than he. He is an active religious worker, enthusiastic society member and a fine college booster. Serving in various student organizations, he has displayed executive powers that will doubtless reward him greatly in life. K. Loy is entering the teaching profession next fall but we think he is contemplating a higher calling, the Gospel Ministry. If he enters this vocation, no goal will be too high for him.

John Frank has been a fellow to admire, trust and believe in while with us as a classmate. No one takes a greater interest in the success of the athletic teams than Frank does. He will gladly sacrifice his own pleasure to make his friends happy or to further the interests of his Alma Mater. It seems that in addition to his capacity for work, "J. F." has some hidden recipe to make all roads run smooth, even the rocky path of love.

He has not only made up this year but has also found time to be an enthusiastic worker in all college activities. We find him a good hearted fellow, ready for fun or sport, with plenty of seriousness when occasion calls for it. As Wike answers the call of the Gospel Ministry, we wish him much success and happiness.

One who is serious, yet likes a good time, Ed, our student body president at Lenoir-Rhyne. Mauney hails from Maiden. He has been with the class of '26 since our Freshman days and is one of our most sincere and friendly students. He is an earnest worker in class and society, a great booster of athletics and all college activities. "Ab," as he is familiarly known to all the students around the campus, is the showman of our class. D. W. Griffith, Snub Pollard and P. T. Barnum could not hold a light to our "Ab," we believe. It is natural to associate him with the stage, since he has charmed so many audiences while in the Glee Club. None are more ready for a joke or friendlier than "Ab," and the entire class is expecting great things of him.

Future!

Past is past; what see we in glancing back?
Vanished hopes with deadened hearts upon the rack.
If thus to look behind is all in vain,
Why face we not our future once again,
Launching with hardier hearts across life's main,
Stronger to bear ourselves in patient pain?
We grope today; tomorrow we shall know,
As daily in wisdom we stronger grow,
Straining dim eyes to catch the invisible sight
Of the fleeting and elusive truth and light.
Our heart of hearts and eyes of our desire
Lures us ever up from this world of mire,
Urging us to press on and mount above
To the perfect knowledge, the God of love.

SENIORS

Senior Class History

IT SEEMS but a few days since our first appearance at dear old L. R. C. With our introduction to the many new customs with which we were very unfamiliar, our names were added to the student family, and were received forever into the folds of a cherished Alma Mater.

Now let us review what the life of this class has been. Early in our existence the class met, and elected Luther Boliek as its leader for the year. We chose as our motto, "Onward and Upward," and the colors lavender and white.

Immediately, members of our class were called to leadership in the literary societies, religious organizations and other college activities. Others upheld Lenoir-Rhyne in athletics, and won honor for themselves, and for our class.

The following September witnessed the realization of our dreams. Behold, we were Sophomores. We were sorry that some of our classmates did not return this year, but several new members were gladly welcomed into our midst. During this year eight of the football men, three of the basketball men were selected from our class. We had the honor of originating the wearing of the "green caps" at this institution. As a whole the year was pleasant and profitable, for the class of '26 was ever striving onward and upward.

In the forensic branch of college activities our class is well represented. Our representatives in the Fresh-Soph debate were instrumental in making it a success. Our class was well represented on the society anniversaries.

In literary attainments the girls have out distanced the boys, capturing several first distinctions and a large number of second distinctions. The class as a whole led the college in percentage of honor students during the years '23 and '25.

When we became Juniors our conceptions of life were broadened and enlarged. This year was marked by many new events. The girls of our class had the honor of putting on the "Big and Little Sister" movement to form greater friendships between the "Freshies" and their sister class. The dramatic talent was proved by the great success of the play, "Am I Intruding," put on in December.

The Glee Club is indebted to us for some of its best material. Our class is also well represented in the college band.

Many of our boys have the ministry in view; others showing inclinations toward the field of medicine, commerce, finance and education. Some of our members have dedicated their lives to foreign missions. We feel sure they will bring glory to themselves and to our class.

What success we have realized is due in a large measure to the aid and inspiration we have received from our kind instructors. We thank them for the ideals of higher and greater things they have given us.

Finally, we have come to the last revelation of our days at Lenoir-Rhyne. We now stand ready to go out from her walls, resolved individually and collectively ever to strive in the future as we have in the past and to add more laurels to the many already heaped upon our dear Alma Mater. Let us all work constantly for the advancement of a greater Lenoir-Rhyne College in the years to come.

Class Prophecy

TO PROPHECY or not to prophesy is not the question which confronts me. The decision is not mine to make for I have been told to prophesy and no matter how long one puts it off there will come a time when the prophecy must be made. Driven by these and similar thoughts I had wandered far into the dense woodland surrounding the athletic field at L. R. C. The reason for this aimless wandering was that the class had given me the task of foretelling the future for its members, the time allowed me had expired and the pages on which it was to be written were still blank.

After several hours of wandering night closed in on all the woodland and the moon shown bright in the few cleared spaces that were to be found in this seemingly impenetrable wilderness. Hardly able to go on any farther I sat down near the edge of one of these clearings and slept.

Very soon after I had fallen asleep a loud noise caused me to spring up in great fright and before me stood a large white elephant with purple polka dots covering his body.

This in itself was a strange sight, but the elephant began to speak to me, telling of the wonderful powers he possessed to tell the future, saying, "I am the seventh son of the seventh daughter of the seventh river, which is called the Nile. This is the seventh day of the seventh year of my life and because of this I am gifted more than any animal or person to foretell the lives of all living things."

After saying this he sat down and placed a large lighted cigar in his mouth. Bidding me remain silent he began to smoke the cigar. As he smoked, the lighted end of the cigar glowed in the near darkness of the clearing. In each glow, due perhaps to my sleepy condition, I could see familiar faces, but in different settings from any which I had ever seen them.

Soon realizing that I was seeing into the future my pencil began to picture each scene before it faded.

The first person that I recognized was Edgar Mauney, who was shown as giving lessons in salesmanship to his staff of insurance agents. By way of proving that he was a good salesman he had just sold a deaf and dumb man a policy insuring him against the loss of his voice.

The next glow of the cigar showed a large and very wonderful athletic field upon which three different games were being played at the same time. A glance at the

score board showed that "Bob" Clemmer's baseball team, aided by the work of "Pap" Rhyne, the best shortstop in the world, had just won the national basketball championship. A look around the field showed me that "Bob" was being congratulated by his wife.

In another part of the field the coach, manager and star end of a professional football team were in conference trying to find some way to keep an English polo team from winning from them. As the conference broke up I saw that "Eb" Sox was the manager, "Jobie" Hawn was coach and Pratt Karriker was the star performer of the team.

After this I was only given short glimpses of the several members of the class. These showed me that Jesse Amick, K. Loy Lineberger and Wike Lippard had formed a preaching team in which all three occupied the same pulpit and said the same things at the same time. This combination was doing very much good in the whole U. S. for their fame was wide spread.

Next I was shown a city that was almost entirely occupied by members of my class. "Ken" Hewitt was city manager, "Ted" Hoover was the city's construction expert, while Grady and Grace with Charlie and Pauline were considered leaders of the married set in its social life. In another part of the city Blake Moose was acting as press agent for Jettie who was touring the world giving lectures on "Woman's Use of Her Freedom." At that moment, however, she was buying expensive jewelry from Frank Cauble, the leading diamond merchant of the world.

At the busiest part of this town Jamie Coulter had mounted a soap box and was delivering a stirring address for Socialism. So strong were his arguments that the millionaire mill owner, Frank Lipe, had given almost his whole fortune to the cause until George Harris had proven by the same arguments that Jamie had led Frank astray with his outcry.

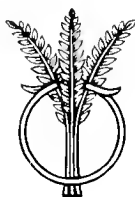

Here the elephant's cigar went out and he handed me a newspaper in which there was an advertisement of a sale being put on at Luther's bargain store where everyone was to be treated fairly. There was also an account of the near breaking up of a rescue mission run by the Misses Sox, Aderholdt, Davis, Roof and Huffstetler, caused by the return of Gussie's sailor from a long cruise. However the mission had secured Miriam Shirey to take Gussie's place as soon as she could get back from the island where she was a missionary.

Upon closer examination I found that the paper carried articles about "Jake" Seaboch and "Pete" Roof, leading chain store operators, and also the opening bill for a play by Nancy Hall, starring Ruth Potter and "Lib" Hahn. Here also I found a notice of the opening of an exclusive school for girls by Beulah Carpenter, Mary Virginia Fisher and Carrie Yoder. In the sporting news I found Postmaster-General Ray Brown congratulating Baxter Moose upon winning the all round athletic championship of the Olympic games.

While I was reading an article on the management of dairies by Princie Cline,

the advertisement of a college where H. P. Barringer was the assistant professor in Education and Claud Wolff had just completed research work in the most advanced courses of Chemistry and Physics, struck my eye.

At this point I noticed that the elephant had vanished and in his place was a radio over which I heard a lecture on "Home Making and Breaking," by the DeLane sisters and a series of songs by Sam Sox. Then I was surprised to hear the voice of Albert Miller announcing, "This is A-L-I-E broadcasting a list of escaped criminals"—here I became frightened and ran.

Junior Class History

PRIOR to the dawn of our college career, we had heard the honors and glories of old L. R. C. proclaimed by many a solemn voice. Our interests were aroused and we looked forward to our entrance in September, 1923. Never shall we forget that memorable day which was the beginning of a new life.

The members of this unique class were new—not only to each other—but also new to the routine of college activities. Of course, we went down under the names of “Rats” and “Freshies,” but we did not mind this, for our class was very optimistic. Our Freshman year passed pleasantly and quickly.

In the following September our band entered the walls of L. R. C. as bright and happy Sophomores. A few of our number were lost during the summer months, but others were added. We were looked up to and respected by the Freshmen, and by our exemplary conduct and consideration for others, we won the recognition of the higher classes and good will of the faculty. We put forth every effort to abolish hazing and after many difficulties a petition was signed by every member of the class, thereby giving our class the distinction and honor of being the only class to get rid of hazing.

At the beginning of the 1925 school term the Juniors returned with a realization that they were no longer boys and girls but men and women, seeking for those things that will fit them to live a life of service to mankind. With this view in mind, the class is striving hard to grasp the things that are high and lofty. Practically all the members of our class returned this year.

Our class has won distinction in all the activities of the college. The Juniors have furnished many worthy products to the Glee Club. In the Sophomore year the two assistant cheer leaders were members of our class, while in our Junior year the cheer leader and both assistants came from our class.

The spirit of our class cannot be surpassed. Baxter Gillon, football Captain for 1925, sacrificed his life on the football field for his college. On the athletic field the number of athletes, both boys and girls, are unusually great in comparison with other classes.

Some of our class have the ministry in view, while some of the girls are preparing for deaconess work. In scholarship our class has ranked near the top, many receiving first honor every year and still more receiving second honor.

The dramatic ability of the class has been demonstrated in the Literary Societies, debates and plays. Another year will be spent at L. R. C., then the class of '27 will show the world just what it really can do.

SOPHOMORES

THE CLASS OF
1928

Sophomore Class History

IT WAS on a beautiful September morning in 1924 that one hundred and twenty-eight boys and girls made their first appearance at Lenoir-Rhyne College, preparing to ascend the first rung of the college ladder. At first the Sophomores jeered them and called them "Greenies" and "Freshies," but the one hundred and twenty-eight showed that they possessed the mettle that would not be put down. However, they struggled past all the difficulties and stumbling blocks common to all Freshmen everywhere and survived, coming out strong, steady, and smiling.

Early in the year the Freshman class was organized with Floyd Warren as president. Unfortunately, he did not return the second semester so our vice-president took his place.

The Sophomores entertained the "Freshies" with a delightful party which cheered many of the weeping ones. In the early spring the "Freshies" were the dignified hosts and hostesses to the Sophomores. Through the year the Freshman class played an important role in the college life, its members having taken part in all the various activities on the campus.

Now, here we are Sophomores. One long year has passed and we have ascended the second rung of the college ladder. A few of our classmates deserted us but we welcomed many new members who cast their lot with us. A great sorrow came to us when one of our classmates, Gertrude Berry, was killed in an automobile accident. Although she had just come to us many had learned to love and admire her and her death cast a gloom over the entire class.

In the early part of the year we entertained the Freshmen and Business classes at a "Kid" party in Cline gymnasium. Then, later to avenge ourselves for the treatment received from the Sophomores last year, we proceeded to take our vengeance on the poor, innocent incoming "Freshies." We are proud that our valiant warriors have won, both in our Freshman and Sophomore years, the Fresh-Soph fights.

Today the Sophomore class occupies an outstanding place in the college. It is well represented in all phases of L. R. C. life. The great success of the Fresh-Soph debate is due in a large part to our excellent debaters. Especially do we find Sophomores taking a prominent place in football, basketball, baseball, and tennis. A large per cent of the letter men in the various forms of athletics for the past two years have been from the class of '28.

And now since we have been successful in the past we hope that we will succeed in the future for we know that labor conquers all things. We are striving daily to live up to our motto—"Nothing but the best is good enough."

FRESHMEN

THE CLASS OF
1929

Freshman Class History

HISTORIES, we are told, are not made or written in one day. The history of our class has only begun and our future remains unseen. The big drama our class must play during the four years at Lenoir-Rhyne College has only started, and we shall try to portray that.

We came to Lenoir-Rhyne at the beginning of the school year, September 8, 1925. Our class was not so large as Freshman classes heretofore, but nevertheless our material was good and opportunities great. Below the outward appearances of our members we could see traits of character that will make our class stand out at the last. Thus we can say, "Quality, not Quantity."

Freshmen? Yes, as green "Freshies" we entered school from every section of the country. College was strange and new and there was a different environment from high school life. Hazing, by the Sophomores, was a dread to all of us until we found such was not permitted here. We were mystified by the rules upper classmen talked so much about. We envied the Seniors and their numerous privileges, but such come not to Freshmen.

After matriculation things went better and when the first homesickness blew over, we came to love old Lenoir-Rhyne dearly and cherish her colors. The rules were explained by faculty and students. We learned to know instructors as persons who were always anxious to help us. We were tasting higher things.

Our idea of the unfeeling Sophomores vanished immediately when we were entertained by them at a "Kid Party." We soon realized the comradeship of the upperclassmen and found them good sports.

We organized our class by electing officers and choosing the colors, flower, and motto. Aided by a capable president much was accomplished. We soon learned the various organizations of the college and took part in them. At the annual Hallowe'en party we had the honor of having the best stunt. Many of our members are on the various athletic teams. Many representatives are also in the band, Glee Club, and the other organizations. We are all proud of our fellow classmen.

The horrors of quarterly exams were survived and we started out to do better things. We diligently took up our work again after the Christmas holidays and successfully passed our mid-term exams.

This is only our beginning. May we still attempt to reach the top during the four years of our college life. May we back up our institution and help it in every way possible, that we may be proud of the training we received here. Our motto is: "We dig for what we get." May we ever live up to this. Let the following well known lines be our guide:

*"Let us then be up and doing,
With a heart for any fate,
Still achieving, still pursuing
Learn to labor and to wait."*

Captain Baxter Monroe Gillon

Baxter, better known to his teammates and college chums as just "Gil," was captain of the greatest football team Lenoir-Rhyne has ever had and was leading his team on toward a victory when the Great Referee summoned him to the happy hunting ground where only those warriors go who play the game hard and fair. Those who saw him play the game he loved so well always were startled at the terrific drive with which he shot into an opposing line. Those who played with him testify he never pulled a dirty play on friend or foe. He was true blue, ever a gentleman. He was the incarnation of Lenoir-Rhyne spirit, a spirit he had when he gave his life to uphold the honor of the institution that believed in him and knew he would carry on.

When Gillon had to be taken out of the Milligan game, suffering unbearably, he told the 1925 football team, "I can't go back fellows, but hit 'em that much harder for me." So it was to be expected after the tragedy at High Point that the team would assume the task their Captain left to be done. How well they did it is shown by the 45 to 0 score against East Tennessee State Teachers College and the 41 to 0 victory over Guilford on Thanksgiving day. The boys cried when forced out of a game. They wanted to keep faith with Baxter and none can say they failed in the attempt.

Gillon, we respect you for your manhood. We stand uncovered at the mention of your name. Lenoir-Rhyne is proud to hold up her head and call you her son!

Football

R. N. GURLEY

Head Coach

Gurley came to Lenoir-Rhyne in the fall of 1924. He immediately turned out a football team undefeated on Hickory field. Again the process was repeated in 1925. "Dick" is loved by the fellows on the teams as a man who is able to build and mold ability into those who do not possess it. He teaches his players to think on the field, which is probably the moving force behind his success.

H. C. HAWN

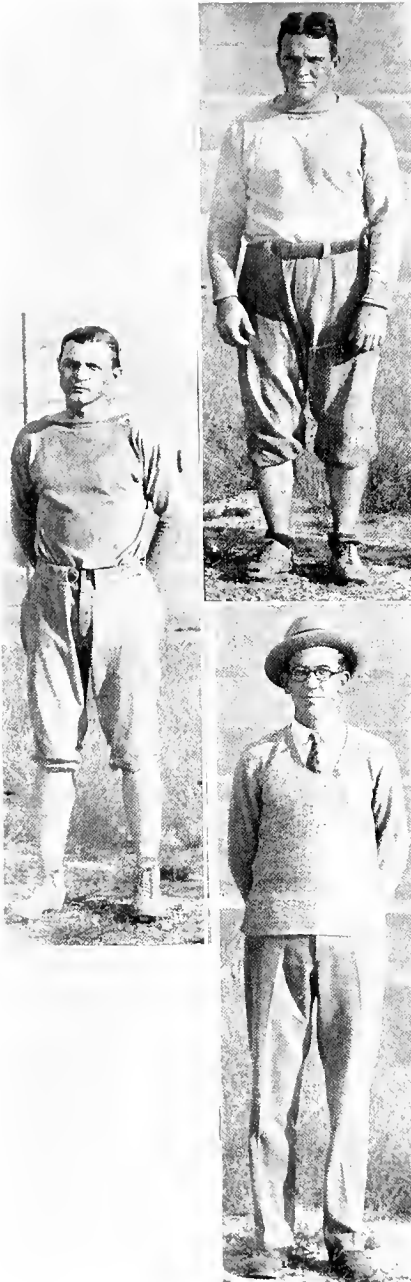

Assistant Coach

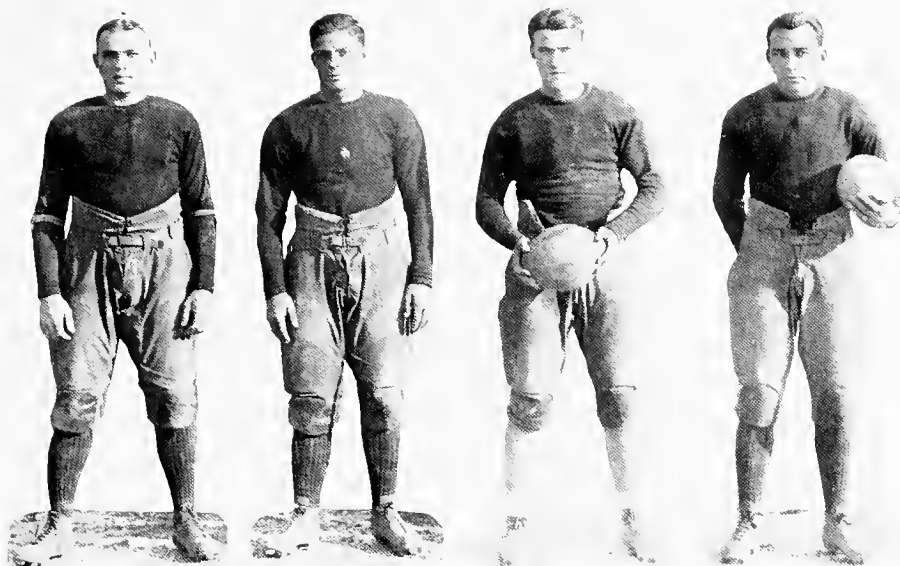

"Joby" is the first assistant coach Lenoir-Rhyne has possessed. He made Gurley a valuable helper in all three sports. Hawn plans to enter the high school field next year, knowing he leaves a proud record in the wake of his first attempt at coaching.

EVERETTE SOX

Manager

Sox distinguished himself in the position of football manager. He carried his team through a hard season, successfully met precarious moments, and got the business men of Hickory and college alumni to buy the team gold footballs after it was over.

L. R. C., 0—William and Mary, 44

The football season opened this year not with a pre-season battle, but with the Mountain Bears jumping right into a mid-season game with William and Mary College on foreign soil. The game, as the score would indicate, was not a walk away. Fumbles in Lenoir's backfield gave William and Mary opportunities to make their touchdowns. The feature for the Bears was the playing of the line, especially close to their own goal line, and the work of the two tackles, "Big" Beam and Amick. Overcash at center put up a splendid exhibition. "Mule" Pasour completely smothered all attempts to gain around his end. Hoover broke through the Indians' line to smear up two punts.

L. R. C., 9—Milligan, 2

The next Saturday again found the Bears on the trail, going to Tennessee for their second game. This game made the club standing .500 as Milligan's pigskin was a contribution to our trophy collection when the final whistle was blown. The work of the line as a whole again was in the limelight with Karriker and Hood in the forefront. In the rear ranks, Spurlock, playing with an injured shoulder, stood out in that he scored all of L. R.'s points. Sigmon and Whisenhunt also showed their ability under fire in their first game.

L. R. C., 0; Wake Forest, 49

October 10th, the team tasted the first and only setback at the hands of a foe in North Carolina, the Bears losing to the Demon Deacons from Wake Forest, last year's state champions, 49 to 0. The weakness of the men behind the line was displayed in their inability to break up forward passes. Wake Forest completed eleven passes for a total gain of 203 yards. Spurlock was out of

the fray on account of injuries sustained in the Milligan game. The work of the line was up to standard as is shown by the fact that not over three downs were made by Wake Forest through the line. Pasour at end and the work of Gillon while he was in the game were the only Lenoir features.

L. R. C., 10—Emory and Henry, 0

The Mountain Bears came out of their retreat to trample on, tear up, and claw the warriors from Emory and Henry for 10 points. This contest was played on a slightly wet field before a big Home-coming day crowd. The team as a whole did their stuff in this game for there were numerous individual stars. "Big Chief" Owl was the outstanding star, making the only touchdown of the game. He was closely followed by Cox, who showed real generalship all through the game and spotted the fans to a field goal from a difficult angle on the 40-yard line. In the line, the ends played a wonderful game. Moretz was the most conspicuous player on the field. He was all over the field when tackling was to be done. Karriker added to the fans' delight when he took a pass from Cox which was good for 36 yards. A big celebration followed this great battle.

L. R. C., 17—Erskine, 6

The next game was also played at home against the strong team from South Carolina, Erskine College. The visitors had one of the best lines seen on the home field and also a powerful aerial attack which netted them their only touchdown. Whisenhunt was the gaining strength for the Mountain Bears, taking many beautiful passes for good gains, one resulting in a 6-point marker.

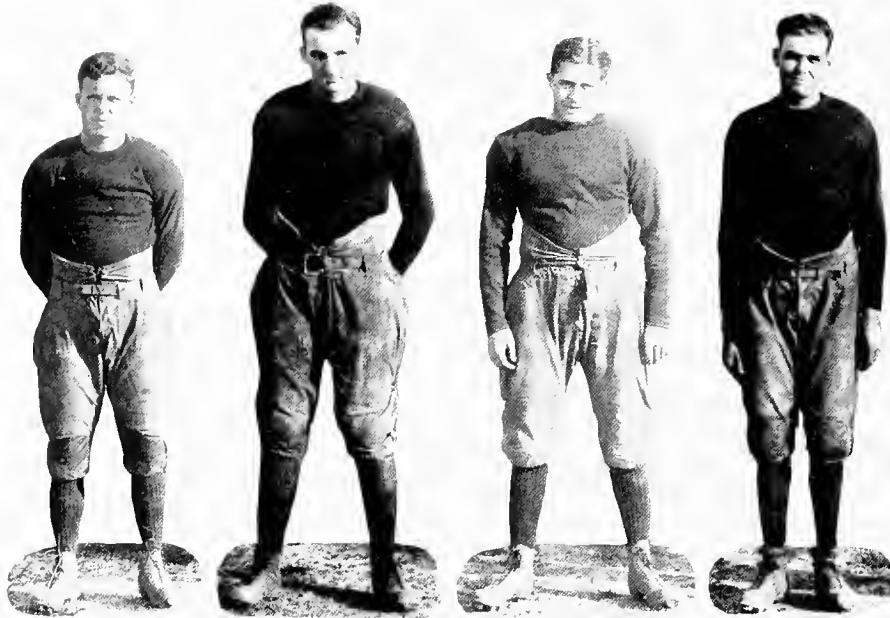

He also displayed his ability as a broken field runner when he carried the ball through the whole Erskine team for 40 yards. Owl was a great factor in the win while "Ted" Hoover did his usual sensational stuff in the form of tackling, blocking punts, and downing the Seceders behind the line of scrimmage.

L. R. C., 0—Roanoke, 13

October 31st, found the team fighting in slush and snow at Roanoke. The greater part of the contest was a punting duel between Cox and Miller, with Cox having the advantage. Amick was knocked unconscious on the opening kick-off and Sigmon and Pasour were knocked out in the first five minutes of play. These injuries, necessitated substitutions which usually means a weaker team, but here the scrapping Carolinians put up one of the toughest battles the Maroons have had in quite awhile. The substitutes showing up best were Rhodes, end; Boyd and Rhyne, tackles; Steelman, end; Poole, guard, with Rhodes the best. Beam and Hood, towering tackles, were in almost every play and were outstanding in the line.

L. R. C., 28—High Point, 14

Too much Spurlock! A great deal of Whisenhunt! A good portion of Pasour! is the story in a few words of the battle with the Purple Panthers from High Point College. The game was fast, hard fought, and really good football all the way through. Cox and Gleason, opposing quarters, showed good head work. Spurlock was easily the outstanding player of the entire contest, making three of the Mountain Bear's touchdowns. Gillon played a splendid game on the defense all during the first half until he was forced to withdraw on account of injuries, too badly hurt to return to the game. Pasour was always down the field on punts and ready to down the

receiver in his tracks. He also took a forward pass for a gain of 55 yards just before the end of the first half. Outstanding in the line, which as a whole did excellent work, were Amick, Hood and Overcash.

L. R. C., 45—E. T. S. T., 0

Cox, Spurlock, Owl, and Whisenhunt came into their own against East Tennessee Teacher's College, two weeks later, in a history making battle on Hickory field, when the most points ever scored by L. R. C. over a college team were piled up. The line worked in perfect unison with the backfield. In the third quarter Spurlock took the ball from the kickoff on the 10-yard line and before the referee's whistle sounded again he had added 6 more points to the score; as he had traveled 90 yards through the entire Tennessee team, stiff arming them to the right and left. Cox played his best in this game, making several long end runs. Owl and Whisenhunt got loose for good gains behind good interference. There were no individual stars in the line for it worked as a well-oiled piece of machinery.

L. R. C., 41—Guilford, 0

The Turkey Day Contest was played on Hickory field with the Quakers from Guilford College. This game brought about the happy ending of a very successful season for Lenoir-Rhyne, with a percentage of .667. The entire backfield sparkled in this game. Cox, Baldwin, and Owl played sensationally, Cox stepping off 90 yards from the kickoff for a touchdown in the first quarter. The entire line worked as a machine as shown by the first downs of the game, L. R. C. 16-G. C. 3, with Hoover, Moretz, and Beam the main cogs. Hoover, Moretz, and Karriker sung their swan song in this clash.

FOOTBALL SQUAD

IMMEDIATELY after the Turkey Day football classic the gong was sounded by Coach Gurley for basketball candidates. The result was that about twenty men, old and new, reported. This squad was later cut down to about twelve.

The material was somewhat limited this year, many of last year's squad not returning to college this term. Those lost by graduation were Brown, Sechler, guards; and Gilbert, forward. Those failing to return were Clemmer and Miller, forwards; and Mosteller, Barrier, and Thornburg, substitutes.

The old men returning to form the nucleus of the new machine were Moose, center; Karriker, Overcash, Boger, and Spurlock, guards; and Whisenhunt and Hood, substitute forward and center of the '25 varsity.

With this material plus Hodge, Coulter, Baxter, and Patterson, Coach Gurley has moulded a team that has up to this time been able to do credit to itself both defensively and offensively.

The Mountain Bear offense has piled up 579 points while opponents have pierced the defense for 369, an average of 29 to 18 points per game, respectively.

A Christmas trip was arranged with Belmont, Concord, and Salisbury "Y's" this year. It resulted in a 2 to 1 decision for L. R. C., our boys losing only to the strong Salisbury "Y" team. N. C. State accepted our offer and came to Hickory for the first time. A stiffer schedule was arranged this year for the Bears than in many years previous. All indications are that when the final curtain is rung down the result will be better than a fifty-fifty break, which means a highly successful season.

BAXTER MOOSE

Center

Baxter was high scorer last year and is fighting hard for the same position this season. He is an excellent dribbler, works the floor well, shoots accurately, and in general plays the game hard and clean. This is Moose's last year at L. R. C.

LUTHER HODGE

Forward

With several years of playing and coaching experience behind him, Hodge joined the Lenoir-Rhyne basketball crew this year and is one of the main cogs of the Bear scoring machine, a regular terror on the offense.

JAMIE COULTER

Manager

A better fellow to keep the odds and ends of a basketball team together could hardly have been found in the whole student body than Jamie. He always has his eye open for an opportunity to help the players and visiting teams.

HUGH OVERCASH

Guard

This tall lad is usually assigned the position of stationary guard. On account of his length he can bring the ball from under the opponents' basket. He is a hard man to get around and his long arms can grab the ball out of the ether high above the other fellow's head.

CLIFTON HOOD

Center

"Clif's" height and jumping ability gives him an advantage over most opponents. He passes well and plays a consistent game.

HENRY BOGER

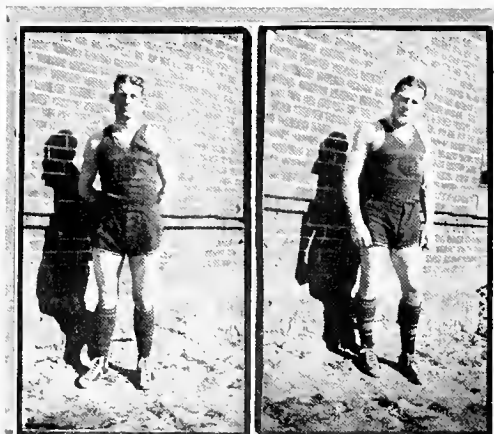

Guard

Henry has been fighting two years for a position on the varsity. He has played in most of the games this year and has made a good showing.

ALBERT SPURLOCK

Guard

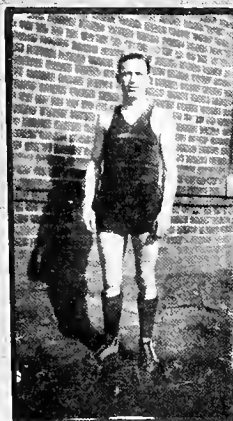

Shakespeare said, "Lo, what manner of men are these, that can do almost anything they please." Spur is one of these men. He has taken up basketball and has made good. He is a good defensive man and plays the floor like a veteran.

PRATT KARRIKER

Guard

Captain Karriker is playing his last year for the Garnet and Black. He has been playing both guard and forward this year with success at either position. On the defense Pratt shows up best. He works the floor well, is a good dribbler, and is able to ring the hoops frequently.

JOHNSON WHISENUNT

Forward

"Wormy" was an old reliable on the Junior Varsity last session, graduating this year to the first squad. He has speed on the floor and an eye for the basket.

HUGH COULTER

Forward

"Shorty" is a fast and scrappy little forward. He comes from Startown H. S. and has performed well in his first year on the basketball squad.

CAUBLE

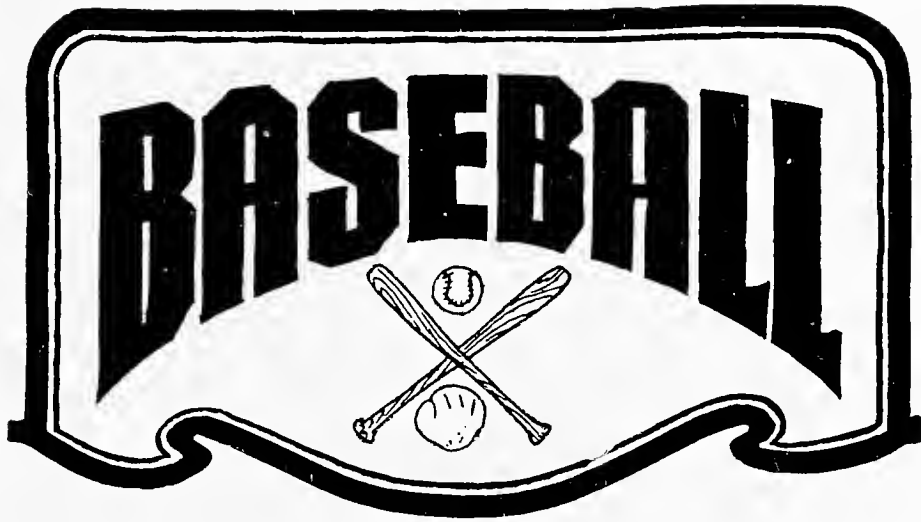

BLACKWELDER

BOGER

Lenoir-Rhyne Pep

We were fortunate in securing Cauble, Blackwelder and Boger as varsity cheer leaders this year. With this peppy trio to lead our songs and cheers, a strong spirit among the students was always present on the sidelines. These three young people were just wads of pep at every game. They were streaks of fire and snap when the Black and Garnet teams needed that stirring encouragement from the students which is so necessary to help produce winning teams. Their antics never allowed the spirit to slow up.

Most of our teams during the past three years have made records of which a college with a far larger student body might well be proud. Lenoir-Rhyne is looking forward to great expansion in athletics. We already have a splendid new athletic field, a newly completed gymnasium, and one of the best coaches in the South in the person of Dick Gurley. The spirit of the students will aid largely in making this worthy development a success.

Baseball Review, 1925

THE 1925 Lenoir-Rhyne baseball season was a success; although many games were lost to college nines in Carolina they were dropped only after the team had made a good showing against their opponents. Many new men, who had never played college ball before, were on the club, but with Dick Gurley's coaching and the varsity men that were back we had a team of which the entire student body was proud.

The first game was lost to Mars Hill by a 1 to 0 score, on the home ground. Next in order came Elon 4, Lenoir-Rhyne 6, Brown pitching; E. T. S. T. 4, Lenoir-Rhyne 22, "Lefty" Homsley pitching; Tusculum 6, Lenoir-Rhyne 7, Moose pitching; Milligan 7, L. R. C. 3; Emory and Henry 2, Lenoir-Rhyne 1.

One of the best games ever witnessed by local students came on Easter Monday with Guilford, in Hickory. This game resulted in an 8 to 7 victory for the Lutherans. Brown and Homsley both did the twirling. Next came M. P. C. I. 4, L. R. C. 12; Weaver 4, L. R. C. 5; Elon 1, L. R. C. 0; Carolina 5, L. R. C. 4. Moose pitched this last game in grand style, and would have won with good support. High Point 0, L. R. C. 3; Guilford 1, L. R. C. 0; Wake Forest 1, L. R. C. 0; N. C. State 5, L. R. C., 4.

Wake Forest came to Hickory for the last game of the season and again we were defeated 2 to 1, by a margin of one run, as we were seven other times in this hard luck campaign.

This ended the season and the entire student body joined in saying, "Hats off to Dick Gurley and his 1925 baseball club."

L. R. C. scored 76 runs and her opponents tallied 50.

Baseball

HAZEL CLEMMER, *Captain*
Catcher L *

Hazel Clemmer ran the team on the field like a veteran, catching a neat and consistent game behind the bat. His strong throwing arm caught many a thieving youth attempting to grab second base. Although his batting was not quite up to expectations, he was always fighting hard for a win. He will be missed in the varsity line-up this season as he is teaching school.

CLAUDE FRICK
Shortstop L

Frick was fast and scrappy in his fielding between second and third. His wonderful throwing arm whipped the ball across the diamond like a streak. He could usually be depended on to get to first by either a base knock or a free pass, receiving more walks than any other player on the team.

CLAUD GILBERT
Second Base L * * *

Brought in from the outfield, Gil held down the keystone position. He was a fast man on the bases and ranked third in batting honors for the season, his blow in the ninth paving the way for the winning run against Guilford on Easter Monday. Gil made his third star last year.

Baseball

BAXTER MOOSE

Pitcher L * *

Moose has been the team's mainstay for the past three years and was again in the limelight last year. He fielded his position well and hit for a higher percentage than the average college outfielder. He pitched his best games against Wake Forest and Carolina. Moose was selected on Gurley's all-state team for '25, being commented on as one of the best pitchers ever produced in Carolina.

FRED BROWN

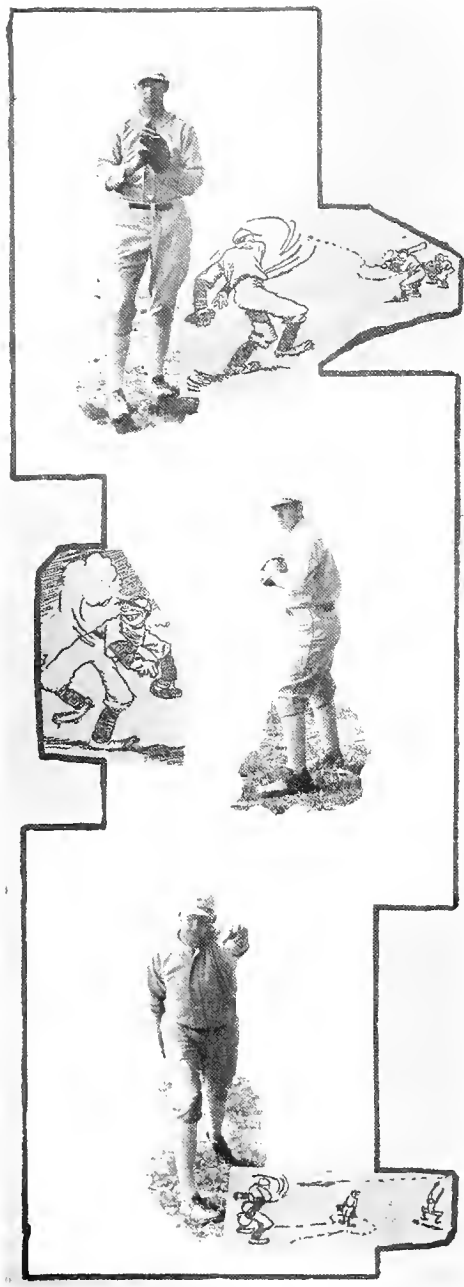

Pitcher L * * *

Last year was Fred's fourth on the diamond for Lenoir-Rhyne. During this time he made one of the greatest athletic records of any one ever attending the institution. He pitched his way to victory many more times than he met defeat. He also knew how to put the wood behind the old pill. All three sports are missing Fred this year.

HERBERT HOMISLEY

Pitcher L

"Sad Onion" was the first left handed pitcher L. R. C. has had in several years. "Lefty" came through the collegiate season in grand style. He pitched well against E. T. S. T., Elon, and Guilford and was the winning relief pitcher on Easter Monday here with Guilford. He also fielded his position in a creditable manner.

Baseball

MARVIN LENTZ

Right Field L

On account of sickness Lentz was unable to get started with the team. A sprained ankle kept him out for two more weeks. He only played in the final games but made a good showing against Wake Forest both in the field and at bat. His lick in the fifth sent Whisenhunt home from second to put us in the lead.

HERBERT MILLER

First Base L

"Chick" went through his first year of college baseball like a house afire. He handled first like a young Sisler. His hitting was of the highest type, practically winning the Elon and Guilford games on Hickory Field with a home run and a triple, respectively.

PRATT KARRIKER

Third Base L *

Pratt had the best season of his career last year. After two weeks of sickness he tied up his place at third base by hard and honest work. He led the club in batting till the last game with a percentage of .384, being barely nosed out by four points in this game. Many put outs were recorded by way of Karriker to Miller.

Baseball

AVERY HARDIN Utility L

Playing his first year in the college community, "Rabbit" played a neat game in the outfield and infield as utility man. There might have been better players on the defense but very few have been seen on the local lot that could run bases better and faster than our "Rabbit." With three more years ahead of him at L. R. C. he will be heard from later.

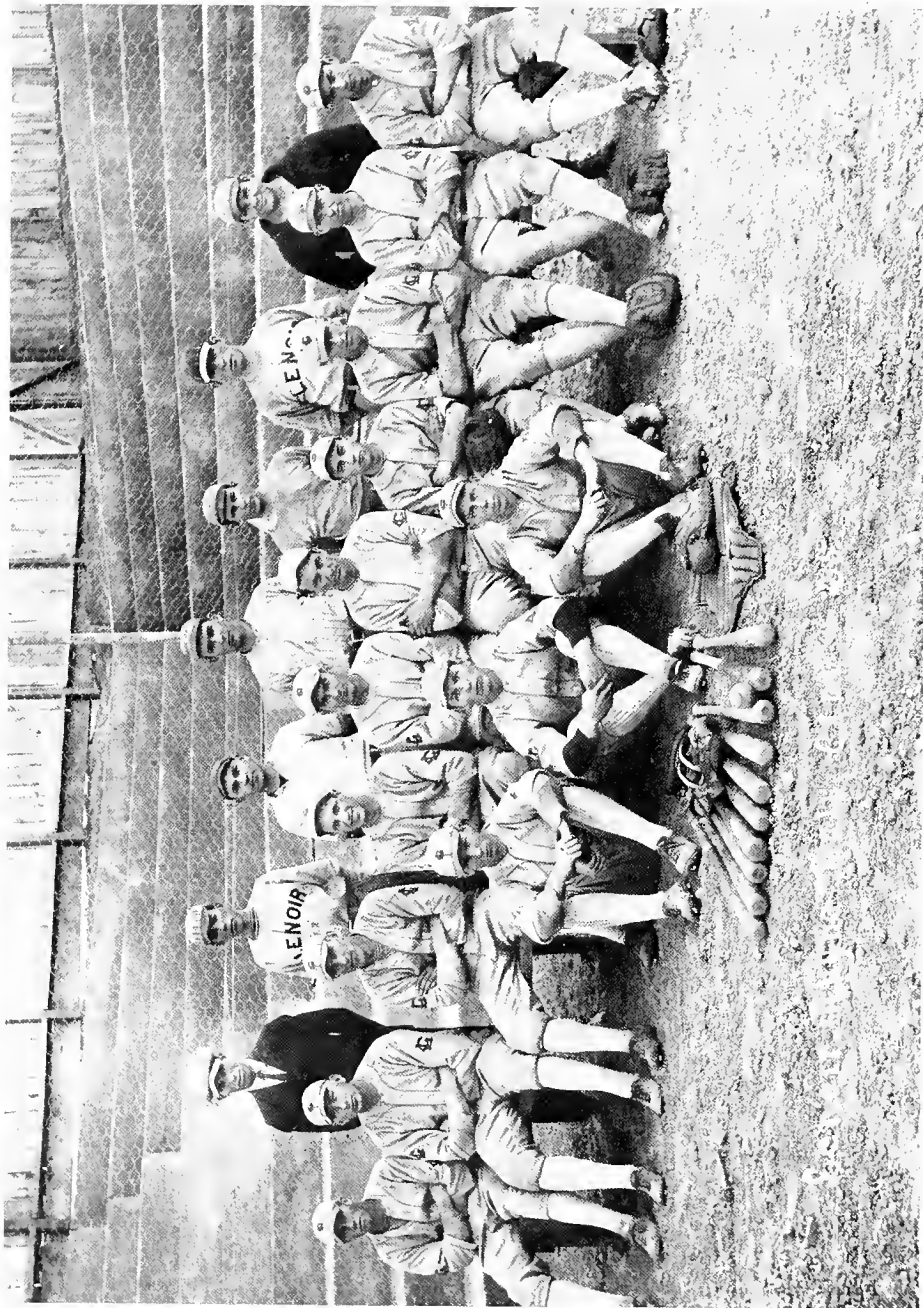

RAY BROWN Outfield L

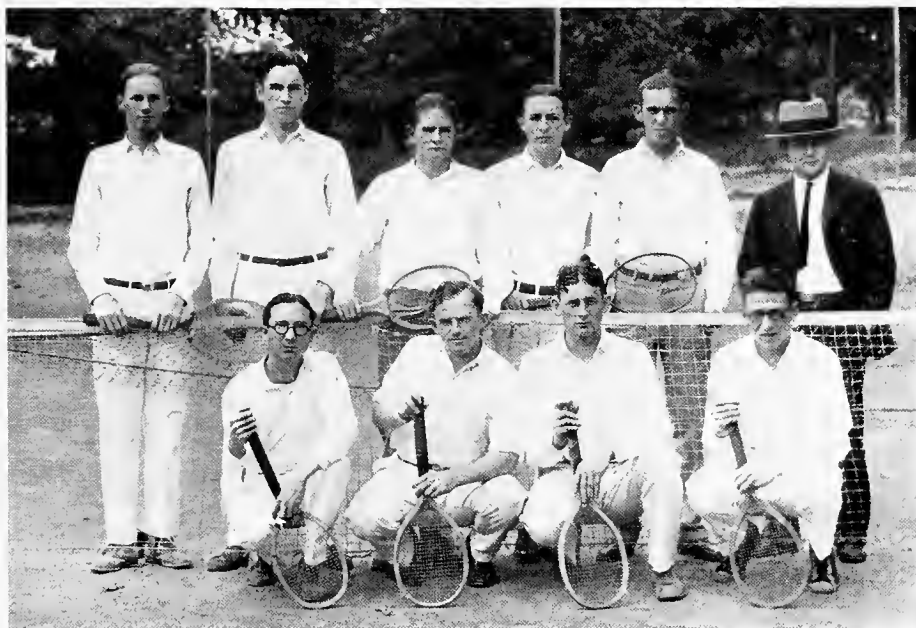

Coming up from the "scrub" team, "Red" had a big year with the varsity nine. Batting from the left side of the plate, he cudgled some timely and healthy blows against right-handed pitching. "Red's" two sacker put us ahead 4 and 2 in the Carolina game. He played good ball while cavorting in the outer garden. Several times he executed the "sundance" for the benefit of the bleacherites.

ROY WHISENHUNT Centerfield L *

Here's to the fastest outfielder that ever graced a L. R. C. uniform. "Whis" could be depended on to take care of any ball that came his way, especially by way of the air route. He covered more territory than a race horse could run around. Roy led the team in batting, having his biggest day against East Tennessee Teachers with two triples, a double and a single. He also hit well against Weaver, Elon, N. C. State and High Point.

Student Body Officers

This year student government started out under a revised constitution and with Mauney, Boger and Shirey at its head. It has functioned to perfection this term under their capable leadership and the student body has supported them splendidly in all their undertakings. To our officers much credit is due for the building up of a strong morale in the college community.

A faculty-student committee was another innovation of the new constitution. This body was composed of Edgar Mauney, K. Loy Lineberger, Miriam Shirey and Wike Lippard, students, and Dr. P. E. Monroe, Dr. E. J. Sox, Mrs. Lohr, Mrs. Sieg and Professor Marion of the faculty. The co-operation and harmony between faculty and students this year may rightfully be attributed to the work of this committee.

Oratory and Debate

INCE Public Speaking has been added to the regular Courses offered by the English Department, it is reasonable to believe that Oratory and Debating will take their rightful place among the college activities. Lenoir-Rhyne expects to take part in the State Oratorical Peace Contest in April. Her representatives will be selected at a local contest several weeks prior to the State Contest.

In argumentation and debating, more guidance is now given. A squad of nine men has been formed, from which after a number of preliminary practices, the intercollegiate debaters are chosen. A dual debate with Milligan College, Tennessee, on the question of the unified air service, will take place about April 17. Tentative arrangements also have been made for a dual debate with Guilford College.

The most important and outstanding debate of the year occurs April 5, when the college meets the University of Pittsburgh in a debate on the question: "Resolved, that the military and naval air forces of the United States should be united in a separate and independent department with a minister in the cabinet." Lenoir-Rhyne's three representatives will uphold the negative. The University of Pittsburgh, with an enrollment of about 7,000 students, is sending a debating team through the South, and our college is fortunate in meeting such an outstanding school.

The work in Oratory and Debate is under the direction of Dr. Albert Keiser, head of the Department of English and Public Speaking, who has had much successful experience in coaching, his team at Augustana College, Sioux Falls, S. D., last year winning the state and the Northwest Regional Pi Kappa Delta championship by being victorious in all their fourteen intercollegiate debates, her orator also winning the state and inter-state contests.

St. Andrews Holds Annual Service

History of Thanksgiving Traced By The Pa

A Thanksgiving service was held at St. Andrews Thursday night. Banne had for his text the second verse of the first chapter of the book of Psalms, "Let us come before him with thanksgiving."

Banne said in his inspiring message that the people of this country in their thanksgiving should give thanks to God for the freedom which they have secured. He said that the history of this country is a history of freedom and that the people of this country should be proud of their freedom.
